

Southern California - Clean, Green & Healthy Schools Partnership June Meeting School Siting

The U.S. Environmental Protection Agency (EPA), along with the California Department of Toxic Substances Control (DTSC) will host the final meeting of the pilot “Southern California Clean, Green, and Healthy Schools Partnership”. This is a flexible monthly forum to address pressing school environmental health issues and provide information exchange among agencies, communities, and schools in the Southern California area.

Agenda items include informational items for a large stakeholder audience and site specific school issues with selected stakeholders. Agenda item requests can be made by emailing: healthyschools@dtsc.ca.gov.

Topics Covered Include:

- EPA’s School Siting Guidelines
- California Department of Education’s Siting Guidance
- Los Angeles Unified School District’s Schools Siting Program and Modernization Bond
- Cal-EPA’s EnviroScreen (Tentative)
- Community Concerns with Siting – California Safe Schools
